

MAKE OTHER PLANS AFTER JULY 31—

Town Sets Deadline For Debentures Sale

Action on the sale of debentures for the sewer and water will be demanded by the Town Council, according to a decision arrived at on Tuesday evening in the Council meeting. It was agreed to ask the firm handling the bonds to produce definite results by July 31, or to cancel all arrangements with them. Present at the meeting were Councilors Roberts, Ferguson, Chase and Siemens, with Deputy Mayor Baldwin in the chair.

The firm handling the debentures has been playing around with them, it was pointed out, for about two years, and Councilors felt that that was sufficient time to produce results if results were going to be obtained. Failing any action from this firm, other outlets for sale of the debentures will be sought. The suggestion has been made more than once that the money might easily be obtained locally, if the bonds were offered for sale to residents of the town and district.

Estimates will be obtained for the next meeting, on wooden signs to mark the highways, showing entrance to Strathmore, but is not sufficient at this time to repay the loan made earlier in the year.

It was agreed to sell the snow-plow bought for the town tractor. If a purchaser were found, it has been found that in nearly all instances, the snow-plow is more easily used for snow clearing.

A court of revision will be held when the date may be arranged with the assessor. All appellants are notified in writing of the time to appear within ten days.

Councillor Roberts was asked to proceed with construction of a concrete apron in front of the fire hall. The present approach is in very rough shape and hard to manoeuvre.

Mr. Jack Bennett, town handyman, will be given the first two weeks in August for holidays. Mr. Garrett's holiday will follow Mr. Bennett's, but in any case, will be delayed for the Court of revision, and such correspondence as arises out of this session.

Different differences in the rate structure on taxes levied on subdivided property, and property in acreage, were queried by one councillor and a basis for the differences was sought. Immediate information seemed to suggest precedent as the only basis, and the councillor inquiring stated that he was too late for this year, but he would inquire further before next year's taxes were sent out.

Chancellor Friends Shower Betty Angel

About fifty ladies gathered at the home of Mrs. C. V. Madsen on Monday to honor Miss Betty Angel at a miscellaneous shower.

The double room was prettily decorated with pink and blue streamers and a watering can of the same colors with pink streamers falling from the spout. As the centre decoration, it was a very novel idea. The tables looked very festive with vases of lovely garden flowers.

Misses Elvira Christensen and Cella Madsen sang two songs and Miss Gloria Madsen recited a comical poem, then, on behalf of all the friends Mrs. J. M. Wheatley presented the gifts in a very gaily decorated basket. Betty thanked everyone in her own charming manner as she also did her mother who said it was very gratifying to know that her daughter had made so many friends in the two years she had taught school in Calgary.

Out of town guests were Mrs. Angel, Mrs. E. Christensen, Mrs. John Toogood and Mrs. Thorsen, all of Calgary. Many lovely and useful gifts were received, and a bounteous lunch was served by the committee.

Lions Install New Officers at Meeting

George Anderson was installed as the new president at the first meeting of the new term held in the Memorial Hall last Thursday evening. Past president Charles Scott installed the officers prior to stepping down after his term at the head of the group.

Some thirty members were present at the meeting, which opened with a two minute silence, marking respect for their past comrade, Lion Ray Snider.

Before asking Mr. Anderson to accept the chair, Mr. Scott bespoke his appreciation of the support given him by all the members, and asked that it be extended to the incoming president. The new president then took over, and thanked the members warmly for the confidence they had placed in him, mentioned the work ahead, and announced the chairmen of committees which had been appointed.

A new committee on the list of the club, which Mr. Anderson said

Chas. Keeling, Coal Dealer 26 Years, Sets to Claude Mackie

The coal business established some 26 years ago by Mr. Chas. Keeling has been sold this week to Claude Mackie of Nanaima. It was announced by Mr. Keeling. He operated the business in 1922, when he came to Strathmore, and has carried it on since that time, latterly in connection with the gas station he has operated on the highway just at the west of town.

Mr. Mackie will operate the business with the help of Mr. C. Cockx, and will continue to handle the Drumheller coal Mr. Keeling has stocked in the past. At the same time, he will continue his duties with the elevator at Nanaima, until the present crop is all in, when he expects to leave that business.

Mr. Mackie has been with the elevator company continuously for over 20 years, and has been at Nanaima during all of that time. He hopes to obtain accommodation in Strathmore next spring.

Mr. Keeling still retains the gasoline station and pump house on the highway, and will continue to operate this for some time.

Miss Betty Christensen, who was bridesmaid, wore a crown of yellow sheer and carried a beautiful bouquet of yellow roses. Mr. Oliver Christensen was best man and Harry Christensen and Billy Christensen, brother and cousin of the groom, were the ushers.

A reception was held in the Sky Room in Calgary where both mothers, looking very charming in grey gowns with pink corsages, received forty guests. Mr. John Toogood was toast master and Mr. McKinnon, uncle of the bride, gave the toast to the bride, which was responded to by the groom. The bride's aunt played the wedding music and a cousin sang "Because". For going away the bride wore a certain gaudy suit with white accessories. Their honeymoon was spent at Waterton Lakes. The happy couple will reside at Penhold.

he felt had been needed for a considerable time, was an agricultural group. He pointed out the fact that agriculture was the mainstay of the community, and suggested that he felt that such a committee might do a considerable amount of work in many directions. Heading the committee, he named Mr. Charlie Coles.

Mr. Lionel Coulter took over the secretary-treasurer's job at the meeting, following five years of service from W. E. Springthorpe.

Mr. W. E. Thompson gave a report on the Sports Day on July 1st, and also on the progress of the wading pool. At present, it is being held up for drain tile and for steel for reinforcing the concrete, but it will go ahead just as quickly as these may be procured. Mr. Thompson stated.

Following the business meeting, Mr. Springthorpe gave an enlightening account of the recent convention held in Calgary, at which he attended all sessions.

Good Attendance Marks Both Church Summer School Groups

Summer schools are being operated in Strathmore by both Sacred Heart Church, and the United and St. Michael's Churches combined. Sacred Heart's group started two children ago, finishing this week, while the other group opened on Monday of this week.

Attendance at both schools has been highly satisfactory. There are 58 girls and boys in attendance at Sacred Heart, many of them being billeted in homes around town, and many of them staying with Father Gibbons at the Rectory. Including the staff of the summer school, the Rectory now shelters a group of sixteen.

First communion will be held this Sunday for seven of the young children attending the summer school.

Attendance at the school held in the Memorial Room of the United Church has amounted to ninety, which is very gratifying to the

Four generations are gathered together at the home of Mr. and Mrs. Thos. G. Anderson of Strathmore.

Mrs. Corner, mother of Mrs. Anderson, is here from Broadview, Saskatchewan.

Mrs. John Schapausky, daughter of Mrs. Anderson, and her two sons, Bobby and Tommy are also here from Polwarth, Saskatchewan.

Early Strathmore Farmer Passes

Funeral services were held for the late Byron Edward Gray at Kelowna, B. C. on Monday, July 12. Mr. Gray fell from a tree in his garden Friday, fracturing his spine. He died the following day.

Mr. Gray was born in Norwich, Ontario in 1877. He and Mrs. Gray moved to Victoria in 1912, where they lived until 1921. They moved then to the Strathmore district.

where they farmed until four years ago when they retired at Kelowna. Besides his wife he is survived by three sons, Ross and Bruce in Kelowna, and Elmer in Strathmore, and six grandchildren.

Obituary

The death occurred in Gleichen on Saturday July 17th of Oliver Coker aged 72.

Mr. Coker had been in poor health for the past ten years. He came to Strathmore about two years ago from Nipawin, Saskatchewan, with Mr. and Mrs. Keith Baldwin. Before his health failed, he had been employed with Mr. Baldwin as a Steam Engineer.

Funeral services were held in Park Memorial Chapel, Calgary, on Wednesday at 2:30 p. m. Rev. A. Hamilton officiating. Interment in Queen's Park Cemetery. McIntosh and Holloway were in charge of arrangements.

staff. Included among these are nine students travelling daily from Nanaima and twelve from Nighthide. The school is run in the mornings only, and will last for two weeks.

Members of the staff of this school are the Reverend Mr. Ford and Mr. Hamilton, Mrs. Tom Oldham, Mrs. J. Ekes, Mrs. S. L. Mott, Mrs. Gaylon Robinson and the Misses Enid Baldwin, Verna Mae Gannon, Grace Tench, and Evelyn Koresk.

A considerable amount of assistance has been received from the material donated by Cpl. Steve Mott for handicraft classes.

Closing exercises will be held at the school on Friday evening July 30, when a film on religious features will be shown.

M.D. Buys New Cat

A DS Caterpillar Tractor was purchased recently by the Municipality of Bow Valley to help along with the heavy work. This Cat is the biggest thing in its line, and furnishes all the power that can be required of it.

It was bought with the idea of speeding up and improving the service now given by the municipality, particularly since spring road damage was so heavy.

Massey Harris Field Day Draws Crowd of Farmers

Good numbers of farmers attended the field day and demonstration held by the local Massey Harris agency last Friday in the Scott Brothers fields on the edge of town. Half a dozen different types of farm machinery were demonstrated

by the men touring with the unit, and many questions were asked by the farmers present.

In conjunction with the display, a mobile unit showed a modern farm kitchen, equipped with many labor-saving devices marketed by the firm.

LEARN TO SWIM

Learn to swim classes are being given at the local swimming pool by the supervisor, and they're being given free. Whether the price tag makes any difference or not, we don't know, but we rather wonder at the lack of enthusiasm displayed by many parents in taking advantage of this opportunity.

About two dozen children have shown their interest in learning to swim, and classes are to start on Friday, but we know there are many more children in the area who should be learning to swim. There are in the neighbourhood of one hundred and fifty youngsters attending the two summer schools in town, and if they are average children, only about fifty can swim at all. Since in the main, they form the younger group around the area, probably even less than fifty can manage in the water.

It's no use saying that Frankie has been told not to go near the water. That's a head-in—the sand type of attitude, because Frankie is bound sometime to be near the water. It may be in defiance of parental orders, or it may be accidentally, but in either case, the papers show countless instances each year of children who cannot swim getting into difficulties in the water.

Many, many parents are interested in their sons learning "the manly art of self-defence". They say it's not to encourage him in fighting, but to teach him to look after himself, and give him muscular control in a sporting atmosphere.

If that's the case, why ignore swim-

ming? Athletic directors will nearly all say that swimming is the best sport to develop all the muscles at the same time, and to give co-ordination. And instead of merely keeping him out of trouble, learning to swim may actually be the means of saving a life... his own, or someone else's.

The community spent long years getting the swimming pool established, and now that it's there, we'd like to see Mr. Rajala, the supervisor, kept so busy teaching kids to swim that he'd have to put in floodlights to accommodate all of them.

ACTION!

Tuesday's meeting of the Town Council brought out the demand for action on the water and sewer debentures, which is reported elsewhere in this issue. The Councillors, it seems, have decided that things have gone on long enough, and that they must strike if they are going to make any progress.

They know, too, that the townspeople, who voted so solidly for the by-law last year, are beginning to feel that the whole thing will just come to naught as other attempts have done in the past. And townspeople do feel that way.

But there should be no feeling that the Council have been sitting down on the job, even though no development has been apparent. And we feel, too, ten days is mighty little time to give the investment firm of Tanner and Company, whose failure to produce results gave the appearance of inaction. If any blame for delay should be placed, it should be placed on the provincial government and the engineering firm providing the reports, both of which groups held up the proceedings inexcusably.

However, there is no doubt but that townspeople will watch with great interest the developments of the next ten days, to see what result the ultimatum will have. There is no doubt that the spark will again be kindled, and the spark of hope may develop into a flame.

people have been coming from near and far to pick them. Mr. and Mrs. Dave Thompson of Clairmont were guests of Mr. and Mrs. John Gossen for a couple of days last week and called on many old friends in the district.

Bow Valley Regular Meeting

SEVENTH MEETING, 1948

Minutes of the meeting of the Council of the Municipal District of Bow Valley No. 46, held in the Municipal Office, Strathmore, Tuesday, July 13th, 1948, commencing at 11 A.M.

PRESIDENT: Reeve James Harwood, Deputy Reeve John A. MacArthur and Councillors Emory Jackson and Douglas G. Keer, latepayee W. D. Braden was also present.

Returning Officer Philip Rogers report of election was read:

"That Douglas G. Keer of Lytla, Alberta, was elected to the office of Councillor for Electoral Division No. 5 of the M. D. of Bow Valley No. 46 to fill the unexpired term of W. H. Harrell who resigned."

The Secretary-Treasurer advised

that Mr. Douglas G. Keer subscribed to his Oath of Office as Councillor.

Moved by JACKSON: That Councillor D. G. Keer sit on all committees upon which Mr. W. H. Harrell, whom he succeeds, was appointed to sit.

Today, Mr. Harwood reported that \$56 yards of gravel was crushed at M. D. 42 Iriana Pit. That the crusher was now at Riedon's Machine Shop being overhauled.

Moved by MACARTHUR: That the cash statement for the month of June, 1948, showing a net balance of \$38,309.69 and bank loans for \$4,000.00 and interest be received and recorded in these minutes.

The Secretary-Treasurer reported that during July the bank loan and interest had been paid in full and that our present cash balance was near \$30,000.00.

Moved by JACKSON: That we approve the application of Mr. Harry Harwood for a license to operate a general store on the premises known as Harry's Station on E. C. S. W. 36-24-4th.

A Health Report was received from Medical Health Officer Dr. J. W. Giffen. This report was read and filed for future reference.

Moved by MACARTHUR: That application be made to the Department of Public Works for a \$500 Special Grant to cover expenses

In Others' Words

AN APPALLING FACT

Nothing annoys the Canadian people more than the high cost of food. Most of the cost of food goes in payment to farmers, and after much study of the subject, ample evidence has been produced to the effect that the cost of getting food from the farmer to the consumer, while it is, is not in any sense to be described as profiteering. The Prices Committee of the House of Commons has pointed out that there might have been some profiteering in fruit and vegetables when the embargo was imposed on imports from the United States, but did not find evidence of general profiteering in connection with food.

Now the farmers of Canada get less for what they produce than the Dominion Government alone gets in taxes. Cash income of farmers in 1947 was \$2 billions a year. That is not what they make. It is the gross return in cash for all the food which Canadian farmers produce, including that which is exported. The cost of running the Dominion Government is over \$2 billion. It exceeds the price which the farmers get for raising all the food which

this country consumes and exports. To take one example, the Dominion Government collects \$200 million of taxes a year on tobacco, which is at least five times as much as farmers receive for raising tobacco.

Agriculture is far and away the biggest item in the cost of living in Canada. It costs the country more to keep the Dominion Government than the farmers of Canada are getting for raising food.

It is an alarming situation. Why the Prices Committee, looking for the reasons of the high cost of living, did not mention taxation it is impossible to say.

EVERYBODY'S BUSINESS

Many men use too much nervous energy in their jobs. As a result, their work suffers both in quality and quantity. And they feel completely exhausted at the end of the day.

The most important remedy for this trouble is to avoid undue rush and strain. Smooth efficiency should be the objective in all jobs.

If you work with your hands, don't be a banger, slammer and yanker. Use only the energy each operation requires. If your job is non-manual, try to remain relaxed as you work.

Emotional stresses, too, create nervous tension. Try to sidestep arguments, needless worry and resentment.

Remember—"an ounce of brain is worth a pound of strain." So relax! Concentrate on improving your skill and working methods. You'll do more and better work!

No one can relax completely if he is worried about his family's financial future. That is why millions of Canadians own life insurance. It is the most dependable way to provide for the family's needs under any and all circumstances.

Calgary Wedding For Verna Colwell

Marriage vows were exchanged at an evening ceremony in the Central United Church June 25, when Miss Verna Colwell, younger daughter of Falconer, son of Mr. A. Falconer of Mr. and Mrs. J. J. Colwell of Lang-

don became the bride of Mr. William Calgary, Rev. C. A. Lawson officiated.

Escorted to the altar by her father, the bride wore a traditional white satin floor length gown. The fitted bodice was accented with a high round yoke, outlined with applique flowers of silver, and embroidered. Her train, a considered set fell floor-length from a sweetheart headpiece. Her bouquet was American Beauty roses.

Miss Verna Colwell attended her sister as bridesmaid, gown in powder blue taffeta, styled with fluted puffed sleeves, short sleeves and scalloped neckline. A coronet of blue flowers held her chapel veil in place and she carried pink carnations.

Attending the bridegroom was his brother Jack, Mr. Robert Anderson and Mr. Jim French ushered guests to the pews, which were tied with white ribbons. The wedding march was played by Mr. K. Robson. Miss Betty Cross sang "Because", accompanied by Mr. Robson during the signing of the register.

The reception was held in the Mandarin Gardens where the bride's mother received with the bridal party, wearing a pastel blue mesh frock with white accessories and a corsage of gardenias.

The toastmaster's duties were performed by Mr. C. P. O'Brien and Mr. A. Gammon proposed the toast to the bride. For their honeymoon trip to the mountains, the bride changed to a blue linen suit, with white accessories. Upon their return they will make their home in Calgary.

Out of town guests were Mr. and Mrs. A. Gammon, Montreal, Mr. and Mrs. L. J. Colwell, Winnipeg, Mr. and Mrs. V. Colwell of Olds.

What To Do For SUNSTROKE

The signs and symptoms are — the face is very flushed; the pulse quick and bounding; the breathing is difficult; the patient develops sickness, faintness, giddiness, thirst; the skin becomes dry and burning. A very high temperature, stertorous breathing and insensibility (either stupor or coma) may ensue.

TREATMENT:

1. If breathing is absent perform artificial respiration.
2. If breathing is present, lay patient on his back with his head turned to one side.
3. Raise the head and shoulders.
4. Remove the patient to a cool, shady spot, and strip him to the waist.
5. Sponge the body with cold water continuously, and apply ice bags to the head and spine until the symptoms subside.
6. Fan him vigorously.
7. When consciousness returns give Epsom or Glauber salts, a tablespoonful to a tumbler of water.
8. Give drinks of cold water freely.
9. Give no food or fluids whatever by the mouth while the patient is insensible.

C.Y.O Hosts to Drumheller Deanery

On Friday June 25th some two hundred and forty-eight young people gathered at the Memorial Hall in Strathmore for the regular quarterly meeting of the Catholic Youth Federation of Drumheller Deanery, when the Strathmore youth played host to visiting groups from Drumheller, Rockyford, Belseker, Cluny, and a number of young people from St. Mary's in Calgary.

The business meeting was called to order by Deanery President Stanley Schmaltz of Belseker, who called on a delegate from each group to read a report of the year's activities. Miss Helen Keeler of Strathmore, Deanery Secretary, read the minutes of the last meeting held in Drumheller, and also a report of the executive meeting held in Belseker.

Father Tennant, Deanery Chaplain, addressed the young people briefly, stressing in a few well-chosen words the responsibilities of youth in the world of today. Guest speaker of the evening was Rev. P. O'Byrne of Claresholm, who

spoke at some length on the C. Y. F. Leadership Training School to be held in Claresholm from August 8 to 15.

At the close of the business meeting, Miss Jean Backs, president of Sacred Heart C. Y. O., extended a most cordial welcome to the visitors. Opening the social program, Miss Helen Keeler and Miss Odella Verweire were enthusiastically applauded for their pleasing rendition of a number of popular vocal selections. They were ably accompanied by Mrs. Madeleine Verreault.

One of the highlights of the evening was the recording machine. A continuous stream of young people came forward to have their voices put on record, and many were the looks of surprise as they were given the opportunity to "hear themselves as others hear them."

Later in the evening the floor was cleared for dancing, when the ex-

cellent music of the orchestra was enjoyed by a large and appreciative crowd. Under the conensorship of the ladies of the parish, assisted by members of the C. Y. O., an appetizing lunch was served at midnight, after which dancing was resumed.

Save POWER

Don't Waste ELECTRICITY

Power DEMAND EXCEEDS SUPPLY

POWER CONSERVATION NECESSARY IN SOUTH.

IS THAT LIGHT NECESSARY?

RATION YOUR NEEDS

We Hesitate to Say... IT CAN'T HAPPEN HERE!

I'm carrying a heavy load!

Alberta has been enjoying a fortunate position in regard to her power needs compared to many places on this continent. Newspaper stories and ads in a great many localities cautioned against the unnecessary use of electricity and in some cases rationing of power had to be put into effect.

Here in Alberta the ever increasing demand caused by the post-war building boom and industrial expansion has been successfully met and we hope we shall continue to be able to do so.

Alberta's progressive expansion is in the interests of everyone in our province and, in spite of present difficulties in the way of our plans for further power development, we want that progress to continue so that Alberta will reach her true place in Canada's destiny.

THE SENSIBLE USE OF ELECTRICITY IS MONEY IN YOUR POCKET AND POWER IN RESERVE FOR EMERGENCIES
